

Match Fixture Secretary Report

Gentlemen

The 2026 fixtures are in the final stages of confirmation. I'm pleased to report that our Devon clubs are once again very helpful and are pleased to welcome us, albeit not too frequently, for which we are very grateful. In order that our host clubs are aware we are not seeking 'something for nothing' we still present £100 toward their Junior section.

At our recent ECM it was accepted that my recommendation to continue the £40 match fee however, most, if not all, realise that the cost of food and running costs across the board are rising substantially. Clubs are therefore likely to reflect this which will of course be expressed in future match fees. I trust all members are aware that match fees produce excellent value for money, if not just take a look at your own club's green fees.

Finally, as this is likely to be my last communication to members, I am greatly indebted to members past and present for the support, help and friendship over the many years I have been involved with Devon Golf Captains, in my opinion the best club in Devon !
